As we near the conclusion of our high school years, we find that we have changed in more ways than we thought possible. When we arrived at Quabbin Regional High School, we were anxious, nervous seventh graders who were eager to face the many challenges ahead of us. For the first time we were exposed to changing schedules, multiple teachers and the atmosphere of a large, busy school.

Over the years that followed, we gained many friendships and social skills which will endure throughout our lives. We have learned to accept and appreciate the diversity of the world around us, while developing our own personalities, opinions and values. We have gathered knowledge and insight, as well as the desire to improve and advance ourselves. As a class, we have grown together in support of each other as we pursue our own goals and dreams.

As Quabbin became crowded, many changes took place in the system. From drop schedules and furloughs to split sessions, we have endured many difficulties which have made us versatile people. We have worked hard to blur the lines which divide the Blue and Gold schools.

Now, we are again anxious and nervous as we look toward the future. We have begun to choose our paths with the care and enthusiasm which will guide us. As a seedling becomes a tree, the children who entered Quabbin have emerged as young adults. Wherever we may go, we will each take with us a swirl of memories of Quabbin, the place and the people that have helped us shape our lives.

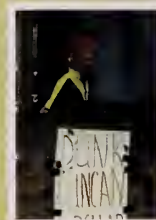

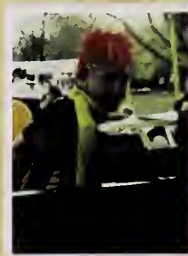

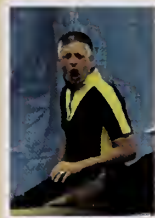

Throughout his career, Mr. Duncan Stewart has been dedicated to the education and well being of children and young adults. On 1971 he joined the Quabbin Regional School District as an industrial arts teacher at the high school, and a part-time teacher at Oakham Center School. The following year he became principal in Oakham, one of many roles which he filled over twenty years.

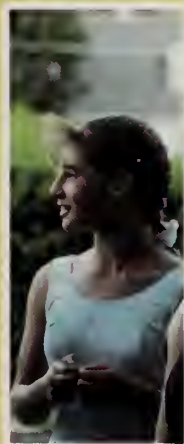

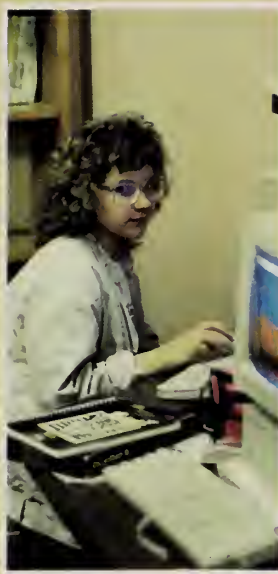

Mr. Stewart has worked endlessly to bring out the best in his students. His firm guidance has been felt not only in the office, but in the classroom as well. He is best remembered as a teacher of third grade math. Learning under his instruction was challenging and interesting, but we all dreaded meeting him at the "orange couch" for a "time out" if we misbehaved in any way. He continuously urged us to persist in our endeavors. His enthusiasm was obvious as a coach of soccer and basketball teams throughout the district.

Today as the principal of Quabbin Regional High School, Mr. Stewart is well liked and respected by all students. We have come to look forward to his warm greetings and conversation throughout the day. He brings a lighter side to the most serious of situations with his unique tries each day. He has always encouraged us to develop our own ideas and opinions regarding school affairs and he continues to stimulate us to expand our minds. We thank Mr. Stewart for the positive impact he has had on our lives and wish him well in the years to come.

By jove, I think I've got it!

You sly dog.

This stuff goes right to my head.

OH!! You don't say!

OUT!, I want OUT!

Oh yah? but can you do this?

... sure I can.

No applause please.

yah, yah, yah, that looks better.

As five members of our faculty retire this year, we would like to extend to them our thanks for their many years of service to Quabbin. Mr. Stratton, Mr. Newell, Mr. Dymon, Mr. Morin and Mrs. Butler have all demonstrated patience, enthusiasm and dedication to their students. The hard work of these teachers is much appreciated, and their impact will long be remembered.

Thank You ...

The Class of 1995 would like to thank our two advisors, Mrs. Bryant and Mrs. Lorge, for the hard work they have shown the class during our four years of high school. You have supported us and made our ideas a reality. You have been dedicated to the individual as well as the class as a whole, and we appreciate it immensely. Between organizing class trips, fundraisers, the Junior Prom, the Senior Dinner Dance and Graduation, you both have shown loyalty and support to the class. At times it may not have been said or expressed, but your leadership is greatly commended.

The Class of 1995 would like to express our thanks to Mr. Beschta who has made the study of English Literature come alive with his enthusiasm and emotion. His approach to writing has inspired our imaginations to produce our own creative pieces with personal style.

Under Mr. Beschta's superior teaching, we have been well prepared for all of the writing endeavors that face us in the future. These qualities have made him more than just another teacher. We are grateful, Mr. Beschta, for your guidance and encouragement and want you to know that you have made an invaluable contribution to our lives.

The Class of 1995 would like to extend our gratitude to Mr. Gumula whose unique style of teaching can be heard throughout the hallways of Quabbin. He has inspired us to excel in our endeavors. An individual who encourages us to fulfill our potential and commends our efforts. Mr. Gumula has earned our respect by also respecting us. Thank you, Mr. Gumula, not only for educating us in math but also for teaching us to be the best we can be.
